

STATION'S KEY ALSO UNLOCKS ROBBERY HERE

Trio of Suspects, Freed By
Chillicothe Police, Confess
To Davis.

A key proved to be the key which solved the robbery of the filling station of the Columbus Oil Co., on S. Court-st the night of April 12, when Sheriff Frank Davis took charge of three suspects held by the Chillicothe police.

For 10 days, the three men were held in the Chillicothe jail while the police of that city attempted to connect them with several filling station robberies there. The men were arrested for the Chillicothe authorities at Waverly on April 13.

CONFESS ALIASES
The trio is now registered at the Pickaway-co jail as Herbert B. Ishmael, 23, alias Herbert Johnson, and Alton Pierce, 20, alias Alton Johnson, both of Kingfisher, Okla., and John Williams, 22, of Buffalo, Canada.

When they were discharged by the Chillicothe police, Sheriff Davis and Deputy Sheriff Miller Fissell arrested them. When they arrived at the Pickaway-co jail, Ishmael and Pierce admitted they were not brothers as believed by the Chillicothe police.

When a key in their possession was found to be one missing from the local filling station, the trio admitted breaking into the filling station and taking some merchandise and about \$1 in change. They are also implicated in the robbery of E. B. Tucker garage at Nash, which was also entered the night of April 12.

TRYING TO GET HOME
Ishmael and Pierce said they were trimmers, who were trying to get back to their homes in Oklahoma from West Virginia where they had met Williams, a wandering mechanic, several days previous to the robbery here. They said they arrived in Circleville when they took the wrong road out of Huntington, W. Va.

When arrested in Waverly, the trio was riding in a Pontiac coupe in which were automobile license plates said to have been taken from the Tucker garage. The automobile is now being held in Chillicothe for Pickaway-co authorities.

The three men were to be arraigned Thursday afternoon before Justice E. C. Fries on charges of breaking and entering during the night season.

2 GIRLS SENT TO DELAWARE

Young Mother One of Pair
Sentenced By Juvenile
Judge E. A. Brown.

Two girls, one of them a mother, has been committed by Juvenile Judge E. A. Brown, to the Girls' Industrial School at Delaware.

Mrs. Louise Rutter Glenn, 16, of Circleville, was found guilty of delinquency and immoral conduct. She is said to have gone on drunken parties while her infant child was near death from pneumonia. The child is now in the care of a grandmother, Mrs. Amy Lewis, of Columbus.

Elsie Matthews, 14, Ashville, was found guilty of delinquency and with being incorrigible. Her father, Curtis Matthews, is said to have been powerless to prevent her from running the streets of Ashville at night.

Orville Ward, 15, son of A. E. Ward, Ashville, was placed on parole and made a ward of the court. He was charged with delinquency and with being incorrigible.

HURT IN ACCIDENT

Mrs. E. H. Rausenberger, of the American house, was called to Columbus Thursday noon by her sister, Mrs. Ed. C. Bowman, who told of an automobile accident in which Mr. Bowman and their daughter Helen, 16, were seriously injured. They were being attended at University hospital. Mr. and Mrs. Bowman are former residents of Circleville.

The accident happened in the north end of Columbus.

OKAY DAIRY COWS

A clean bill of health was given to each of the 28 cows in the Charles Gusman dairy by inspectors who are making the county-wide tuberculosis tests. Each cow in the Gusman herd was found to be free from the dread disease.

Smalltowners' Artistic Sense Stronger, Is Claimed

Congresswoman Sees Art
Progressing Faster
in Country

TO THE small towns and villages of the United States must be given the credit for developing more sculptors, artists, opera singers and writers than the big cities. Main Street is the source of the impetus of the American people, according to Mrs. Ruth Hanna McCormick, member of the House from Illinois.

The "hick towns" are the big cities, in the opinion of Mrs. McCormick, who lives near Byron, Ill., a farming community of 800 people. "They have their art galleries and their museums, but only because some wealthy benefactor provides them," she said. "In the smaller towns there is a much more genuine and general artistic development. The day is over when the concert road company or road show from the big city, no matter how low-brow its program, could invade and capture the small town. People resent poor caliber programs, and immediately ask: 'What is New York trying to put over on us?'"

Going to more common things, the small town is showing its civic pride in their hot-dog stands, gasoline stations and soft drink emporiums. No more are these roadside appearances eyesores. There is a real movement on foot to make them as beautiful and attractive as possible.

Other evidence of America's new artistic interest is brought out by

MRS. RUTH HANNA MCCORMICK

the increased use of colors. Automobiles, formerly so somber, are not considered smart now unless painted in attractive shades. Color is insisted on everywhere, even on articles which only a few years ago were neglected—alarm clocks, toothbrushes, table glassware, towels and linen. Just step into the modern farm kitchen. It is unusual to find it somber or plain as formerly. No, sir, bright blues or greens with utensils to match even to the dishpan and kettles.

"We are awakening to the realization that art need not be a pretty amusing superficiality," says Mrs. McCormick, "but that it can be a part of our religion, contributing to the advancement and welfare of our lives."

FUNDS OWNED BY RUNAWAYS

Two Boys, Held Here, Admit
Taking \$110 From Man
In Carnegie, Pa.

"Might as well have the name as the game," was the philosophical observation made by Charles Herrman, 15, of Carnegie, Pa., after he admitted to Sheriff Frank Davis to stealing \$110 from a boarder in his home in the Pennsylvania City.

Herrman and Jerry Bush, 14, also of Carnegie, were picked up on Court-st Wednesday evening by Officer William McCrady, who suspected they were runaways. Questioned, they admitted having run away from their homes, saying they "bummed" their way to Columbus on freight trains.

They were turned over to Probation Officer Brown, who took them out to supper and then escorted them to the Pickaway-co jail for the night.

At the jail, Sheriff Davis searched them and found \$77 which they had concealed in the tops of the sailor pants each wore. With the finding of the money, Herrman said it was all they had left of \$110 stolen in Carnegie.

According to Herrman, a boarder in his home kept his savings in a tin can. Three weeks ago the can, which had \$300 in it, was missing and Herrman said he was beaten when he denied taking it.

A week ago, he said, he found the can, which the boarder had misplaced, and extracted \$110 to make up for the beating he had suffered. With the money, he took his chum, Jerry, on a trip to see as much country as possible on the money at their disposal.

DEPUTY SHERIFF IS NOTED AS TOREADOR

LANCASTER, O., April 25.—Folks, meet Deputy Sheriff "Dud" Crider, official bull killer and torador of Fairfield-co. Crider, with his trusty arm rifle, bagged his second bull within as many weeks yesterday, when it broke loose from a packing plant and charged about in the downtown section, causing more than a little consternation to residents here.

Crider was called and killed the bull. A similar instance occurred two weeks ago.

CYCLONE KILLS 7

PALESTINE, TEXAS, April 25.—Seven persons are dead today and 27 are in local hospitals, some in a critical condition, as the result of a cyclone that struck the Slocum community, 15 miles from here, yesterday. A number of other persons received minor injuries.

Judge I. N. Abernethy accompanied by Richard Simkins are professional visitors in Indianapolis.

PAINT-UP AND CLEAN-UP CITY HEDGES ASKS

Mayor Proclaims Week For
Removing Trash and Rub-
bish From Circleville.

In a proclamation issued Thursday, Mayor E. T. Hedges, sets aside the week beginning Monday, April 29, and ending Saturday, May 4, as "Painting and Clean-Up Week," in Circleville.

All civic organizations in Circleville are supporting Mayor Hedges in his desire to make Circleville "the cleanest city in Ohio."

Resolutions endorsing the project were adopted by the Chamber of Commerce Tuesday evening and by the Rotary club Thursday noon, each organization urging the full cooperation of all citizens in the cleanliness campaign.

Declaring that Circleville already enjoys the reputation of being one of the most beautiful cities in the state, Mayor Hedges urges its residents to show their civic pride by painting unsightly buildings and fences and removing rubbish, trash and other accumulations of the past winter.

Service Director L. E. Miller is requesting that owners of all vacant lots to clean up their property. Home owners are asked to trim their trees, particularly along the sidewalks, to provide a clearance of 12 feet above the ground.

Property owners must remove their rubbish at their own expense as the city has not the money to provide free hauling, Service Director Miller said.

Where property owners pile their rubbish in the streets and alleys without removing it, the city will haul it away but the property owners will be charged for the service, Mr. Miller warned.

The city will clean up all of its property and a force of men will remove all rubbish from the streets and alleys.

ILLNESS FATAL FOR MINISTER

Rev. Pearl Laton Moss Succumbs Thursday At Home
From Tuberculosis.

Tuberculosis caused the death of Rev. Pearl Laton Moss, 44, Thursday morning, April 25, at 2:45 o'clock at his home on S. Clinton-st. He had been ill six months.

He was born in Ross-co, Dec. 22, 1885, the son of Thomas and Julia Ann Lindsey Moss. He was minister of the gospel. His wife, Fannie Rutter Moss, five children, his mother, Julia Ann Moss, two brothers, William and Harley; one sister, Mrs. Looie Crawford, and one half-sister, Ella Walker, survive. The children, all at home, are Julia Ann, Fannie, Virgil, Marvin, and Forrest.

Funeral services will be conducted Saturday afternoon at 2:30 o'clock in the Church of God, with the Rev. Rainbolt officiating. Burial in Forest cemetery will be in charge of Melvin S. Rinehart, funeral director.

William Ramsey, of Ann Arbor, Mich., is visiting his aunt, Mrs. A. D. Newmyer, of Park Place.

Sees Women As Amazons

CHICAGO, April 25.—Puny, anemic men and lusty, beautiful women will inhabit America of the future, unless something's done about it.

This warning was sounded at the Midwest Society of Physical Education, in convention here today.

Women, say the educators, are reaching physical perfection through outdoor athletics, while men steadily are becoming enfeebled and stunted in poorly ventilated offices.

RAIDERS' USE OF FIREARMS AROUSES IRE

Congress Being Irritated By
Protests Against Nervous
Trigger Fingers.

WASHINGTON, April 25.—Congress showed signs today of becoming irritated over the rough-and-ready-use of firearms in prohibition enforcement.

Congress is dry, sternly so politically, but the increasing number of "incidents" wherein enforcement officers have been too quick with their trigger-fingers has started a backfire of public sentiment which is daily making itself felt in the form of protests from constituents. Even dry congressmen are sensitive when their constituents begin to complain.

The U. S. coast guard and customs patrol are coming in for severe criticism in Capitol Hill. It began with the shelling and sinking of the Canadian schooner I'm Alone 200 miles at sea; it increased when shots were fired at the Norwegian fruit boat Juan; when the water front of Miami was raked with machine gun fire; when Stuyvesant Fish's yacht was boarded in New York harbor; and the latest episode, the shelling of the American coal collier, T. A. D. Jones, hasn't helped matters any.

BINGHAM AROUSED
The treasury department has endeavored to soothe the ruffled congressional feelings by announcing that the officer responsible for the machine-gunning of the Miami waterfront has been forced out of the service. But even that hasn't stilled the protests going up from capitol hill.

Even so suave and even-tempered legislator as Senator Hiram Bingham (R) of Connecticut, raised his voice today to caustically criticize the nervous triggers of the U. S. coast guard, which in the past six weeks have got the state department into difficulties with several foreign countries.

The state department is being embarrassed exceedingly in the "foreign incidents." Great Britain, France, Canada and Norway now have protests lodged with the department over the shooting of their flag-ships by zealous coast guardsmen.

WOMAN, 100, DIES

IRONTON, O., April 25.—Iron-ton's oldest resident is dead today. She was Mrs. Susan Brown, who celebrated her 100th birthday anniversary recently. Mrs. Brown formerly resided in Jackson-co.

Enforcement of and Obedience To—

President Hoover as guest speaker at the Waldorf-Astoria New York, made his first public address since his inauguration. Striking the keynote of law enforcement the President pointed out the large part which newspapers can play in the successful accomplishment of this end.

HOOVER NEAR VICTORY OVER LOWER HOUSE

Representatives Expected To
Pass Farm Relief Bill
Which He Approves.

WASHINGTON, April 25.—President Hoover neared his first congressional victory today in the passage by the house of the Haugen farm relief bill setting up a federal farm board to encourage cooperative marketing with the backing of a \$500,000,000 appropriation.

The first high hurdle has been cleared by administration leaders in preventing consideration of the old equalization fee plan of farm relief. The export debenture plan of the national grain also will be ruled out of order.

Thirty-one attempted amendments to the Haugen bill, had been defeated as the house continued to work on amendments to the measure today.

DRIVING AHEAD

Rep. Haugen (R) of Iowa, chairman of the agriculture committee, was driving the bill steadily toward a final vote with virtually solid Republican support and with the machine-like precision with which the old McNary-Haugen bills were rolled through the house.

The senate meantime continued to debate upon the McNary bill, similar to the Haugen bill except for inclusion of the export debenture feature as an optional plan. In the senate there is little likelihood of an early vote.

Administration leaders exhibited confidence that they could pass the bill in a form satisfactory to President Hoover, despite the defection of many western progressives who supported him in the campaign.

BROOKHART OPPOSED

The most notable defection was that of Senator Brookhart (R) of Iowa, who appealed for passage of "A good bill" over the president's veto. He scathingly denounced the farm relief views of Mr. Hoover and accused him of "changing front" since the campaign ended.

Although more than a score of amendments were offered to the house bill before it had been half completed many of these were of minor nature. The fact that no appeal was taken from the ruling of Rep. Mapes (R) of Michigan, in the chair, on the attempt of Rep. Cannon (D) of Missouri to bring forward the equalization fee plan was taken to be an indication of the desire of the house to harmonize its farm relief program with the administration.

Wide-spread dissatisfaction with many features of the bill, however, was exhibited in the house.

NINE SEAMEN ARE RESCUED

Tenth Perishes Before Yacht
Finds Boat Carrying Sur-
vivors of Wreck.

NEW YORK, April 25.—Ten persons, of whom one is dead, were picked up at sea from an open life boat of the schooner James E. Coburn of New Bedford, Mass., about 600 miles east of Cape Hatteras and 100 miles north of Bermuda, a radio message received by the radio marine corporation from Captain McLaughlin of the yacht Amida, said.

Captain McLaughlin's terse message of the rescue failed to reveal any details. It merely stated: "Latitude 34:25 north, longitude 64:35 west, at 10 a. m. Greenwich meantime. Picked up boat from American schooner James E. Coburn, home port New Bedford containing nine living, one dead names later.

Signed, McLaughlin.

The James E. Coburn was chartered by Rogers and Webb, steamship agents here, with a cargo of coal for Martinique.

Officials of the line believed the vessel was owned by J. J. Fonescase, of New Bedford.

CONDITION SERIOUS

The condition of Mrs. Franklin McElfresh, who underwent a severe operation Tuesday for acute appendicitis, at Grant hospital, Columbus, remains serious. The operation revealed complications that would have caused death in a short time with the condition of the appendix cutting off the supply of blood from the stomach. Dr. McElfresh is constantly at the side of his wife in the hospital.

FATHER IS DEAD

Mrs. Ross Kirkpatrick was called to Chillicothe Wednesday by the sudden death of her father, W. E. Grady, of Park-st. Mr. Grady had eaten a large dinner and his death, due to heart disease, occurred in the middle of the afternoon. Funeral services will be held Saturday morning at 10:00 o'clock.

DANIEL STEIN DIES SUDDENLY

Widely Known Walnut-Twp.
Resident is Victim of
Apoplexy.

Daniel Stein, or Dan Stein, as he was familiarly known to most of Circleville, died suddenly Wednesday night at 8 o'clock at his home in Walnut-twp. Apoplexy was the cause of his death after an illness of only a few hours.

Mr. Stein had complained of not feeling well, and his wife had urged him to go to bed. After eating a light supper about 5 o'clock he did as she suggested, and retired. Several hours later Mrs. Stein heard an unusual noise and went to his room. She found him dead in bed, where he had evidently fallen over from a sitting position.

He was born April 29, 1853, in Pickaway-co and was the son of David and Mary Ann Stein. He was twice married, first to Sarah Snyder, and later to Sophia Abel Stein, who survives him. He is also survived by Myrtle Stein, of Columbus, a daughter of his first marriage. He was a brother of Mrs. Ella Crites of E. Main-st.

Funeral services will be held Saturday at 2 p. m., at the Trinity Lutheran church of Circleville, of which he was a member. Rev. G. J. Troutman will preach the sermon. Burial will be in Forest cemetery by Mader and Ebert, funeral directors.

MISS KRAMER DIES AT COLUMBUS HOME

Funeral for Miss Mary Kramer, 66, of Columbus, who died Wednesday after an illness of several months, will be held at 3 p. m. Friday at the Fisher Broad-st. mortuary, Columbus. Burial will be in Circleville.

Surviving are four nieces, Miss Susan Kramer, with whom she made her home; Mrs. John Williams, Mrs. Henry Thomas and Mrs. A. E. Munkel; a nephew, John Roehr; a sister, Mrs. Katharine Roehr.

TRACTION IS LATE

The Scioto Valley traction car due in Circleville from Columbus at 10:38 a. m. was 40 minutes late Thursday and 20 minutes late on its return trip when it is due here at 12:09 p. m. Agent Drum declared he didn't know why the car was late. "I didn't ask," was his explanation.

HOLD FOUR IN GANG DEATHS

Two Racketeers Slain in Cleve-
land Were Known As
"Double Crossers."

CLEVELAND, April 25.—With four suspects under arrest, police here today continued their efforts to solve the murders of Isadore Shiller, 43, and Morris "Skinny" Fuerstman, 27, who were "taken for a ride" and beaten to death early yesterday.

Authorities here were frankly but little aroused over the double slaying. Both victims had long criminal records, ranging from safe-cracking to bootlegging.

Any one of the four men held in connection with the case could have had reason for killing Shiller and Fuerstman, as could numerous others, detectives say. The two were known, even in underworld circles, as "double-crossers" and "hi-jackers," according to police.

Fuerstman and Shiller were arrested two months ago in Detroit for their bootlegging activities. It is reported that they were making a practice of hi-jacking liquor trucks.

After making off with the greater part of a liquor supply they would allow the truck to proceed with part of its cargo, according to the story, and then notify state troopers by anonymous telephone calls, to seize the truck—thus stealing the rival's liquor and having his truck and driver captured, as well.

A Detroit gang which lost several loads of liquor in this manner is said to have been "gunning" for the two Clevelanders. Following their arrest they were released on bail furnished, according to reports, by Sam "Trump" Abramson, Detroit gambler king, who was himself "taken for a ride" and shot to death, shortly afterwards.

Shiller and Fuerstman were the next logical victims, according to this theory, and though they left Detroit and came to Cleveland, on obtaining their liberty, the Detroit gang, still intent on vengeance, followed them.

DRINKING LAX ON BIG LINER

Passengers On Leviathan Refuse To Take their Privilege Seriously.

On Board the S. S. Leviathan, April 25—Passengers on the S. Leviathan on this, the first eastward voyage on which alcoholic beverages have been dispensed, simply refuse to take their drinking seriously.

The smoking room is getting on light patronage, and runs a poor record to the movies as a popular attraction. This is evidenced by the fact that the smoking room has been completely deserted whenever the movies have been shown on board.

So far, this voyage, the biggest feature in connection with the serving of drinks was the champagne dinner, given to Comte de Polignac, of Paris, to a brilliant assemblage of guests, including Edna Bennett, screen star, and the wife of Philip Plant, of New York, Miss Betty Husted of Chicago, who was voted the prettiest girl on board the vessel; Arlette Marchal of Hollywood, and Victor Garland, the actor.

An instance of how light the drinking is on board was the fact that about half of the wine opened by Comte de Polignac's dinner was untouched.

Ambergis Loses in Value

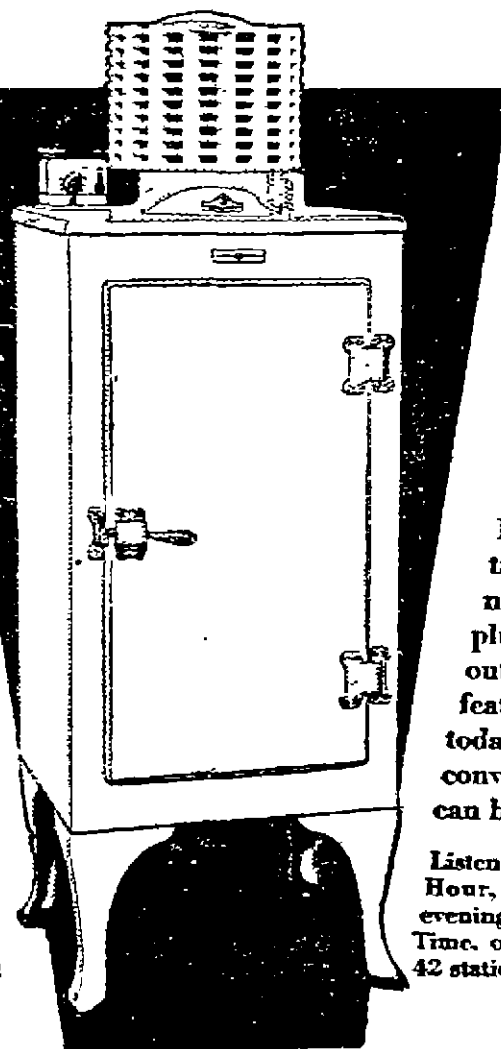

While ambergis is still quite valuable, it does not possess the value it did years ago. There is not the demand now for it that there used to be. Ambergis was chiefly used in the perfume-making industry some of the most fragrant odors being produced from the evil-smelling stuff, but the advances of synthetic chemistry in recent years have not only made it possible for chemists to imitate exactly the composition of the compound, but also to produce artificially other and better aromas at the one hundredth part of the cost of ambergis.

AN ALL-STEEL REFRIGERATOR THE FIRST! ...THE ONLY ONE!

THIS General Electric is the only refrigerator built entirely of steel! Think what that means! It is sturdy and durable beyond anything that you ever believed a refrigerator could be.

This small-family model freezes a generous supply of ice... and in a shorter time. One tray freezes in two hours, both trays in four. It uses less current because the cabinet is so efficient that cold does not leak out and heat does not creep in.

And, of course, it has the exclusive advantage of simplified mechanism, enclosed in an

hermetically sealed steel casing and mounted on top. This leaves the greatest area available for food storage and makes possible the up-on-legs model which is so easy to clean under.

In operation it is extremely quiet. It never needs oiling. You just plug it into any convenient outlet. See all its unique features yourself. Come in today. And ask about the very convenient plan on which it can be bought.

Listen in on the General Electric Hour, broadcast every Saturday evening, 9 to 10 Eastern Standard Time, over the N.B.C. network of 42 stations.

"THE PRICE OF HONOR"
Dorothy Revier and Malcolm MacGiegor are starred at the Grand theatre tonight in "The Price of Honor," a film prayer against circumstantial evidence and capital punishment. F. B. O. and Universal comedies will also be shown.

ELABORATE STAGE SHOW
The Royal Radio Hawaiians which you have heard broadcast over WLW will appear in person on Friday night at the Cliftona theatre.

The Royal Radio Hawaiians which might be termed a super stage attraction have a very elaborate stage show, carrying their own special scenery, lighting effects, all of which blend in with their exotic Hawaiian and American melodies, making one believe they are really in the midst of the natives on the south sea isles.

The Royal Radio Hawaiians are real natives, consisting of seven people in all, each and every possessing a super musical education and training. In fact they are the best Hawaiian talent it is possible to obtain. After playing together over the air and theatrical engagements for the past five years, they are heralded and praised as the best of its kind today.

The screen attraction at the Cliftona Friday is "Companionate Marriage," the first National picture of that title, which is a truthful picture of the problems faced by persons who enter the married state. Betty Bronson and Richard Walling are the "companionate couple" of the film.

ATLANTA

BIRTHDAY PARTY

Mrs. Glen Skinner celebrated the ninth birthday of her son, Jay, with a very beautiful party on Saturday afternoon. The day was ideal and the specious lawn made a wonderful place for the young folks' frolic and the afternoon was one continuous round of merriment. Completing the afternoon's delight Mrs. Skinner seated the young guests for the serving of delicacies that were practically in favor with youngsters. A very attractive decoration was a large birthday cake with nine pink tapers burning in pink holders. Seated with the honor guest were John Edwin Peck, Howard Betts, Bertus Carleton Bennett, Glen Edwin Skinner, Roma Mouser, Edwin Funk, George Skinner, Garnet Speakman, Louise, Stella Mae and Jane Hope Skinner. The children had a wonderful time and nothing was left undone for their pleasure by Mrs. Skinner assisted by Mrs. Ellen Peck and Miss Mary Skinner.

Mr. and Mrs. Albert Skinner had as guests Margaret Skinner, Ruby Farmer, Kathryn Bowman and Mr. and Mrs. John Farmer and sons, Thomas and Virgil, Daisy and Leonard Morgan of Circleville. Miss Dorothy Adkins of Circleville was a dinner guest with Miss Mary Skinner last Sunday.

To Identify Genuine Aspirin

THE increasing use of Bayer
Aspirin every year is proof
that it has no ill effects. It is the
accepted antidote for pain. It
always helps; it never harms. Quick
relief when you've a headache, or
cold; or are suffering from neu-

Old Churches Put to Variety of Purposes

The oldest English social institu-
tion is the parish vestry. It is a
descendant of the archaic council of
most primitive human establish-
ment, combined with the nearly as
old institution of religion. This
body of persons interested with the
administration of the temporal af-
fairs of a parish was so called from
the former custom of holding parish
meetings in the vestry of the
church. In ancient England vestries
regulated all parochial affairs, ec-
clesiastical or civil. And the
English church of the fourteenth
century was the common hall, some-
times the common market place and
theater of his district. When the
first and portable altar were re-
moved the church would be em-
ployed for all purposes. A land
owner who found he had more wool
or grain than he could take care of
in his own premises could store it
in the church supply by paying a
small fee to the parson. Even the
tower of the church was used. Es-
pecially in the more exposed dis-
tricts near the sea, it was a place
of refuge, the castle of the inhabi-
tants—Detroit News

RINKING LAX ON BIG LINER

Passengers On Leviathan Refuse To Take their Privilege Seriously.

On Board the S. S. Leviathan, April 25—Passengers on the S. S. Leviathan on this, the first eastward voyage on which alcoholic beverages have been dispensed, simply refuse to take their smoking seriously.

The smoking room is getting on light patronage, and runs a poor record to the movies as a popular attraction. This is evidenced by the fact that the smoking room has been completely deserted whenever the movies have been shown on board.

So far, this voyage, the biggest feature in connection with the serving of drinks was the champagne dinner, given to Comte de Salignac, of Paris, to a brilliant assemblage of guests, including Bennett, screen star, who is the wife of Philip Plant, of New York; Miss Betty Histed of Chicago, who was voted the prettiest girl on board the vessel; Arlette Marchal of Hollywood, and actor Garland, the actor.

An instance of how light the smoking is on board was the fact that about half of the wine opened at Comte de Salignac's dinner was untouched.

Ambergris Loses in Value

While ambergris is still quite valuable, it does not possess the value it did years ago. There is not the demand now for it that there used to be. Ambergris was chiefly used in the perfume-making industry some of the most fragrant odors being produced from the evil-smelling stuff; but the advances of synthetic chemistry in recent years have not only made it possible for chemists to imitate exactly the composition of the compound, but also to produce artificially other and better aromas at the one hundredth part of the cost of ambergris.

THEATRES

"THE PRICE OF HONOR"

Dorothy Revier and Malcolm MacGregor are starred at the Grand theatre tonight in "The Price of Honor," a film prayer against circumstantial evidence and capital punishment. F. B. O. and Universal comedies will also be shown.

ELABORATE STAGE SHOW

The Royal Radio Hawaiians which you have heard broadcast over WLW will appear in person on Friday night at the Cliftona theatre.

The Royal Radio Hawaiians which might be termed a super stage attraction have a very elaborate stage show, carrying their own special scenery, lighting effects, all of which blend in with their exotic Hawaiian and American melodies, making one believe they are really in the midst of the natives on the south sea Isles.

The Royal Radio Hawaiians are real natives, consisting of seven people in all, each and every possessing a super musical education and training. In fact they are the best Hawaiian talent it is possible to obtain. After playing together over the air and theatrical engagements for the past five years, they are heralded and praised as the best of its kind today.

The screen attraction at the Cliftona Friday is "Companionate Marriage," the first National picture of that title, which is a truthful picture of the problems faced by persons who enter the married state. Betty Bronson and Richard Walling are the "companionate couple" of the film.

AN ALL-STEEL REFRIGERATOR THE FIRST ...THE ONLY ONE!

THIS General Electric is the only refrigerator built entirely of steel! Think what that means! It is sturdy and durable beyond anything that you ever believed a refrigerator could be.

This small-family model freezes a generous supply of ice... and in a shorter time. One tray freezes in two hours, both trays in four. It uses less current because the cabinet is so efficient that cold does not leak out and heat does not creep in.

And, of course, it has the exclusive advantage of simplified mechanism, enclosed in an

hermetically sealed steel casing and mounted on top. This leaves the greatest area available for food storage and makes possible the up-on-legs model which is so easy to clean under.

In operation it is extremely quiet. It never needs oiling. You just plug it into any convenient outlet. See all its unique features yourself. Come in today. And ask about the very convenient plan on which it can be bought.

Listen in on the General Electric Hour, broadcast every Saturday evening, 9 to 10 Eastern Standard Time, over the N.B.C. network of 42 stations.

Doctor at 83 Found People Preferred His Prescription

The basis of treating sickness has not changed since Dr. Caldwell left Medical College in 1875, nor since he placed on the market the laxative prescription he had used in his practice, known to druggists and the public since 1892, as Dr. Caldwell's Syrup Pepsin.

Dr. B. Caldwell, M.D.
AT AGE 83

Then, the treatment of constipation, biliousness, headaches, mental depression, indigestion, sour stomach, and other indispositions that result from constipation was entirely by means of simple vegetable laxatives, herbs and roots. These are still the basis of Dr. Caldwell's Syrup Pepsin, which is a combination of herbs and other mild laxative herbs, with pepsin.

Dr. Caldwell did not approve of drastic physics and purges. He did not believe they were good for human beings to put into their system. If grown people want to use them, no one can deny them the privilege, but they should never be given to children.

The simpler the remedy for constipation, the safer for the child and for you, and the better for the general health of all. And as you can get results in a mild and safe way by using Dr. Caldwell's Syrup Pepsin, why take chances with strong drugs? All drug stores have the generous bottles.

Many is the family today that makes it a rule always to have a bottle of this perfect preparation in the house. Keep it handy and observe these three simple rules of health: keep the head cool, the feet warm, and the bowels open.

Why not try Dr. Caldwell's Syrup Pepsin today?

SLATE SLEMP FOR GOVERNOR

Virginian May Be Appointed To Administer Affairs at Porto Rico.

WASHINGTON, April 25.—Cassius M. Slemp, of Virginia, one of the foremost Republican factors in the erstwhile "solid south" is slated to become governor of Porto Rico under the Hoover administration, according to reports current here today.

Slemp, who served as secretary to President Coolidge, and prior to that represented the ninth district of Virginia in the house for several terms as the only Republican congressman from that state, is said to have found favor in the eyes of President Hoover for the appointment, and to have the backing of secretary of War, Good.

Word that Slemp was being considered for the post occasioned some surprise in the capitol as there are many who had thought he would not care for such a position. The fact that Good is back of him, however, served in a large measure to overcome this surprise. Slemp and Good were law partners until the latter entered the cabinet.

Horace M. Towner, of Iowa, at present is governor of Porto Rico. His resignation is in, though with a request to not be accepted because of ill health.

LETTERS TO EDITOR

STREET OIL ANALYSIS
Editor, Cincinnati Herald:
This will acknowledge copy of The Cincinnati Herald of Saturday, April 20. We wish to thank you for the deserved publicity which was given our letter of April 15, copy of which was forwarded to Service Director Miller.

Below is an analysis of the oil which we proposed to supply under our bid price of 4.75c per gallon in tank cars, delivered at Cincinnati which was rejected without even a request for a sample or an analysis by Director Miller. We are forwarding a copy of this letter and an analysis of the material to Director Miller, and also to your paper and to him in the next few days a sample can of this oil which we would be glad to have tested by any reputable, demonstrated testing laboratory such as the Columbus Testing Laboratories, No. 755 N. High-st., Columbus, O.; Pittsburgh Testing Laboratory, No. 1330 Locust-st., Pittsburgh, Pa.; and Forest City Testing Laboratory, Superior Building, Cleveland, O., in comparison with samples submitted by other bidders, having same published in your paper.

Asphalt road oil analysis:
Gravity at 60 deg. 16.9 (9355); gravity at 77 deg. 17.8 (9478); flash, 265; fire, 345; loss, 23.2 deg. F 5 hrs. 20 gms. 12.12; 50 gms. 10.00 per cent; 100 Pen. Asphalt. 56 per cent; soluble in CS2 99.949 per cent.

This oil is strictly an asphaltic base product containing over 60 per cent pure bitumen soluble in carbon disulphide CS2. One hundred thousand gallons of this same oil was supplied to the City of Akron last year, and we will be glad to have you check by writing Mr. A. E. Kemmler Highway Engineer, City Hall, Akron, Ohio, who is entirely satisfied with our product. We will again be favorable to their business this year.

We do not know what grade of oil was purchased by the City of Cincinnati in 1923 or whether it acted as represented by Director Miller. All we can say is that if a paraffin base oil was sold at that time it was through no misrepresentation on our part, and the officials or citizens received exactly what they paid for and undersold fully what was supplied. We do not see where this has any bearing on the present situation as we made a specific proposal for this year's work on an asphaltic base oil regarding which we submit complete information as noted above and will give any further information as desired either by your paper, the citizens or Director Miller.

The excess of \$405.00 was figured on the minimum basis of oil

of 50,000 gallons, and if the maximum of 75,000 gallons is used, the excess would be \$607.50. Thanking you again for bringing this matter to the attention of the public and trusting that Director Miller will take the necessary steps to have the samples of oil tested when same are received and satisfy himself that we are presenting facts in this matter, we are,

Yours very truly,

FALSE TEETH GOOD AFTER MANY YEARS

Fourteen years ago Dr. G. S. Corne made an upper set of teeth for a resident of Cincinnati, who has since moved to Columbus and is just hearing of the satisfaction that this lady gets from them. In a letter received Thursday she wants other teeth taken out and will be down this Saturday to have this work done.

This lady stated that everybody says they are the most natural

teeth they ever wore, and can't help but come down to the set made for the housewife. Dr. Corne has been one of the city's dentists for many years, like all of us gets much pleasure from hearing from satisfied customers, even after 15 years.

BIBLE THOUGHT

EIBLE THOUGHT TWO THE GLORIOUS DAY — He shall judge among many people, and rebuke strong nations afar off; and they shall beat their swords into pruninghooks; nation shall not lift up a sword against nation, neither shall they learn war any more.—Micah 4:3.

PRAYER—Hasten this day of victory, Lord, and use us as Thy servants.

DISPOSING OF OLD AUTOS Where do all the old automobiles go to? Sooner or later, after passing through three or four used-car salesrooms, most of them hit the junk shops and are taken apart for the value of their material as scrap. But not all of them.

More people than you would think simply abandon old autos. In New York, 70 abandoned cars were picked up by the police in one day. They were old, ramshackle machines whose owners had simply parked them in the streets, removed their license plates and gone their way.

With more than 20,000,000 automobile owners in the country, this sort of thing might easily become a big problem. Yet even in the most ruinous old auto there is still a good deal of expensive steel and other metal. The engineer who can find a cheap way to salvage such material ought to be able to make a fortune.

NO SALES RESISTANCE The plight of Walter Cyr, the young farmer of Concordia, Kas., who tried to commit suicide in order to escape from the attentions of a persistent life insurance salesman, is a matter that ought to appeal to everybody. The whole country is divided into two classes—those who are insurance salesmen and those whom the salesmen lists as prospects. Each class should take a deep interest in the case of Mr. Cyr.

Cyr, it seems, had no sales resistance. When an agent approached him he knew he would buy a policy. He knew, also, that he would let it lapse a little later. And he got tired of it. Finally, feeling himself on the verge of surrendering once more, he drank poison.

He's recovering now. And just what moral should be drawn from his story we haven't the faintest idea. Perhaps the insurance companies can suggest one.

Good Qualities of Fruits

Nutrition and Diet says: "The apple leads among the orchard fruits. It carries small amounts of vitamins A, B, and C. It has definite laxative properties, probably owing to the large cellulose content. The young apple contains a large amount of starch, but as it ripens this is rapidly converted into sugar until when fully ripe it contains little or no starch. The acid content decreases as the sugar increases. In like manner the pectin valuable in the formation of jelly decreases with the ripening process. The citrus fruits are next in importance to the apple, and their culture is being enormously increased. Oranges come first. They offer an excellent source of readily assimilable glucose, and for this reason orange juice is used when there is necessity for quick assimilation of carbohydrate which will throw the least burden on the digestive organs. The orange contains both vitamins A and B."

Health Hint

Loss of body heat through the skin runs as high as 90 per cent. Proper clothing, therefore, holds this heat in winter while it allows it to be lost in summer. That is why we should change the weight and the texture of our clothing.

Impatient Griselda

CHAPTER LXXIV.

THROUGH the night silence she could hear the murmur of voices from the lawn swing. . . . Her stepmother would be turning her father against her. She dressed swiftly in a dark traveling suit and close-fitting hat. Then she turned out her light and waited in silence for a moment. She stole like a ghost down the back stairway with her heavy bags out through the side door that led to the garden and into the street. It would be a long walk, down the street that Dan must take on his way home. Dan would be starting soon—

There was a grinding screech of brakes suddenly applied. "Lilith!"

"Yes, Dan?"

"What in the world are you doing?"

"I'm running away."

"Tell me what you mean. . . . Why?"

She lifted her head proudly in the moonlight and gazed into his eyes. "My stepmother! Last night—because I went for a nice little ride with you. Again tonight. She's going to accuse me to you tomorrow. I couldn't bear it."

"But you can't go like this, Lilith! Where?"

"Anywhere!"

"But what does she say to you?"

His face was white.

"That you're in love with me—and I'm to blame. That Tina's unhappy—because you love me."

He took a step forward and spoke in an agonized tone. "But Lilith, my dearest, what can you do?"

She looked like a wraith made of mist and flame as she faced him in the moonlight. "When you and Tina are on your honeymoon—in Paris—I'll be lying face down in the river."

"Oh, my God, no!" His body trembled.

"What else?" she asked with deadly calm.

His face was contorted with his struggle of indecision. Suddenly he burst out. "I'll take you back home tonight. Tomorrow I'll face them with the truth—tell them I love you. Tina will give me my freedom! And we can be married."

She gave a short, bitter laugh. "Girls don't free rich suitors lightly. She'll cling to you. No, I can't face any more of it."

"But—how could we do anything else? We couldn't just skulk away without a word. That would be cowardly."

She broke in eagerly, catching his arm. "It would be saving pain all the way round, Dan. How much easier for Tina to get a telegram saying we are married than to have to tell her face to face! A clean cut is more merciful than haggling."

"I can't see it that way," he muttered. "It's a rotten wrong I'll be doing her. I ought to be man enough to stand up to it—not a welcher."

"But, Dan, she'll never let you

off! I know! How could you face my stepmother's reproaches—and Tina's tears? You'll give in—and I'm lost!"

She turned away in a posture of despair.

He lifted his face to hers, pallid, tense in the moonlight. "So be it then," he cried hoarsely. "Come on!"

"There's a train that leaves in a couple of hours. You've got your things packed, haven't you?"

"Yes."

"Then let's make haste. . . oh, let's make haste to Paris! . . ."

He snatched her to him, almost savagely. "I never knew there could be such love as I feel for you! Lightning flash and prairie fire—magic moonlight!"

The next morning, as Irene walked through the hall on her way downstairs, she spied at Lilith's door a curious little wad, a rag rolled up, with a few golden hairs twisted round it.

Breakfast was half over when Tina came down, wearing a faded frock of pink gingham, because she was saving all her good clothes to take away, and her

bulging like a chicken with the pop-eye.

Guinn sprang up. Just at that instant the doorbell jangled.

"Answer that bell, Sheba," he jerked.

Sheba slid to the door like a racing ghost. In an instant she was back again, a yellow envelope in her hand.

"Telegram for you, Mistis."

Irene snatched it from her. When she tore it open and read it, she could say no word. All her powers were palsied.

"Read it," choked Guinn.

She lifted anguished eyes to his and read it slowly.

Lilith and I were married an hour ago. Off to Paris. Forgive us, for we love. DAN.

"Oh, my child, my child!" moaned Irene, as she tried to take her in her arms.

But the young body stiffened unresponsively, her tearless eyes glistened and she pushed her mother away.

Then Tina rose slowly to her feet, supporting herself by her clutch on the table. She faced her father with a look such as Irene had seen on Lilith's face in New

"Oh, no Father!" came the icy anguish of her tones, "Why should not Lilith take my sweetheart or my husband—if she cared to?"

eyes looking like those of a child just roused from sleep.

"Where's Lilith?" her father asked.

"Still asleep, I guess. I haven't seen her this morning." An uneasy shadow flickered over her face, and her father winced at seeing it.

"Sheba, go tell Miss Lilith to come down and have breakfast with the family. Last chance we'll have to be all together without the wedding company."

Sheba came back in short time. "Miss Lilith ain't in her room."

"I reckon she's in the bathroom. Her room look like it been stirred with a stick. Half her clothes gone," stated Sheba, her eyes

York. "You did this to me!"

He started toward her, but the look in her eyes stopped him.

"Oh, my darling, I'd give my life to undo it!" he cried. Tears were coursing down his cheeks.

"Oh, no, Father!" came the icy anguish of her tones. "Why should not Lilith take my sweetheart or my husband—if she cared to? Haven't you all our lives long brought her up to feel that she could take anything? She has been all to you. And I—nothing!"

"No, no!" came his broken cry. His face looked suddenly like an old man's face.

BIBLE THOUGHT

BIBLE THOUGHT TWO — He shall judge among many people, and rebuke strong nations afar off; and they shall beat their swords into plowshares, and their spears into pruninghooks; nation shall not lift up a sword against nation, neither shall they learn war any more.—Micah 4:3.

PRAYER—Hasten this day of victory, Lord, and use us as Thy servants.

DISPOSING OF OLD AUTOS

Where do all the old automobiles go to? Sooner or later, after passing through three or four used-car salesrooms, most of them hit the junk shops and are taken apart for the value of their material as scrap. But not all of them.

More people than you would think simply abandon old autos. In New York, 70 abandoned cars were picked up by the police in one day. They were old, ramshackle machines whose owners had simply parked them in the streets, removed their license plates and gone their way.

With more than 20,000,000 automobile owners in the country, this sort of thing might easily become a big problem. Yet even in the most ruinous old auto there is still a good deal of expensive steel and other metal. The engineer who can find a cheap way to salvage such material ought to be able to make a fortune.

NO SALES RESISTANCE

The plight of Walter Cyr, the young farmer of Concordia, Kas., who tried to commit suicide in order to escape from the attentions of a persistent life insurance salesman, is a matter that ought to appeal to everybody. The whole country is divided into two classes—those who are insurance salesmen and those whom the salesmen lists as prospects. Each class should take a deep interest in the case of Mr. Cyr.

Cyr, it seems, had no sales resistance. When an agent approached him he knew he would buy a policy. He knew, also, that he would let it lapse a little later. And he got tired of it. Finally, feeling himself on the verge of surrendering once more, he drank poison.

He's recovering now. And just what moral should be drawn from his story we haven't the faintest idea. Perhaps the insurance companies can suggest one.

Good Qualities of Fruits

Nutrition and diet says: "The apple leads among the orchard fruits. It carries small amounts of vitamins A, B, and C. It has definite laxative properties, probably owing to the large cellulose content. The young apple contains a large amount of starch, but as it ripens this is rapidly converted into sugar until when fully ripe it contains little or no starch. The acid content decreases as the sugar increases. In like manner its pectin valuable in the formation of jelly decreases with the ripening process. The citrus fruits are next in importance to the apple and their culture is being enormously increased. Oranges come first. They offer an excellent source of readily assimilable glucose, and for this reason orange juice is used when there is necessity for quick assimilation. Carbohydrate which will throw the least burden on the digestive organs. The orange contains both vitamins A and B."

Health Hint

Loss of body heat through the skin runs as high as 10 per cent. Proper clothing, therefore, holds this heat in with the body. It is to be lost in summer. That is why we should change the weight and the texture of our clothing.

Doctor at 83 Found People Preferred His Prescription

The basis of treating sickness has not changed since Dr. Caldwell left Medical College in 1875, nor since he placed on the market the laxative prescription he had used in his practice, known to druggists and the public since 1892, as Dr. Caldwell's Syrup Pepsin.

B. Caldwell, M.D.
AT AGE 83

Then, the treatment of constipation, biliousness, headaches, mental depression, indigestion, sour stomach and other indispositions that result from constipation was entirely by means of simple vegetable laxatives, herbs and roots. These are still the basis of Dr. Caldwell's Syrup Pepsin, which is a combination of senna and other mild laxative herbs, with pepsin.

Dr. Caldwell did not approve of drastic physics and purges. He did not believe they were good for human beings to put into their system. If grown people want to use them no one can deny them the privilege, but they should never be given to children.

The simpler the remedy for constipation, the safer for the child and for you, and the better for the general health of all. And as you can get results in a mild and safe way by using Dr. Caldwell's Syrup Pepsin, why take chances with strong drugs? All drug stores have the generous bottles.

Many is the family today that makes it a rule always to have a bottle of this perfect preparation in the house. Keep it handy and observe these three simple rules of health: keep the head cool, the feet warm, and the bowels open.

Why not try Dr. Caldwell's Syrup Pepsin today?

SLATE SLEMP FOR GOVERNOR

Virginian May Be Appointed To Administer Affairs at Porto Rico.

WASHINGTON, April 25.—C. Bascom Slemp, of Virginia, one of the foremost Republican factors in the erstwhile "solid south," is slated to become governor of Porto Rico under the Hoover administration, according to reports current here today.

Slemp, who served as secretary to President Coolidge, and prior to that represented the ninth district of Virginia in the house for several terms as the only Republican congressman from that state, is said to have found favor in the eyes of President Hoover for the appointment, and to have the backing of secretary of War, Good.

Word that Slemp was being considered for the post occasioned some surprise in the capitol as there are many who had thought he would not care for such a position. The fact that Good is back of him, however, served in a large measure to overcome this surprise. Slemp and Good were law partners until the latter entered the cabinet.

Horace M. Towner, of Iowa, at present is governor of Porto Rico. His resignation is in, though, with a request to be accepted because of ill health.

Modern Coed Has Own Standard of Freedom

I have come in contact with a number of modern coeds at various institutions, and many of them have been able, not to say willingly or eagerly, to discuss excessively delicate subjects with the utmost freedom, as long as the discussion remains on a scientific or dispassionate basis. If there is anything that many modern coeds will not talk about I don't know what it is.

I am quite unable to state, however, that they are infinitely more sophisticated than their mothers, or than the preceding generation of coeds; because I have no way of knowing how much their mothers knew. I have a strong suspicion, however, that their mothers knew a great deal more than they admit knowing; and it seems quite obvious that a great many dangers which stand delictiously against the conversation and the crimes that are laid at the doors of the younger generation are ready to listen to the conversations and to repeat them at every opportunity.

I might even go so far as to say that if opportunities do not present themselves they make their own opportunities. It takes a high grade of statistician to worry the inner meaning out of this state of affairs. Kenneth L. Roberts, in the Saturday Evening Post.

LETTERS TO EDITOR

STREET OIL ANALYSIS
Editor, Circleville Herald:

This will acknowledge copy of The Circleville Herald of Saturday, April 20. We wish to thank you for the deserved publicity which was given our letter of April 18, copy of which was forwarded to Service Director Miller.

Below is an analysis of the oil which we proposed to supply under our bid price of 4.75c per gallon, in tank cars, delivered at Circleville which was rejected without even a request for a sample or an analysis by Director Miller. We are forwarding a copy of this letter and an analysis of the material to Director Miller, and also both to your paper and to him in the next few days a sample can of this oil which we would be glad to have tested by any reputable disinterested testing laboratory such as the Columbus Testing Laboratories, No. 755 N. High-st., Columbus, O., Pittsburgh Test Laboratory, No. 1330 Locust-st., Pittsburgh, Pa., and Forest City Testing Laboratory, Superior building, Cleveland, O., in comparison with samples submitted by other bidders, having same published in your paper.

Asphalt road oil analysis:—Gravity at 60 deg. 16.9 (9535); gravity at 77 deg. 17.8 (9478); flash, 265; fire, 345; loss 225 deg. F. 5 hrs. 20 gms. 12.12; 50 gms 10.00 per cent; 100 Pen. Asphalt, 66 per cent; soluble in CS2 99.949 per cent.

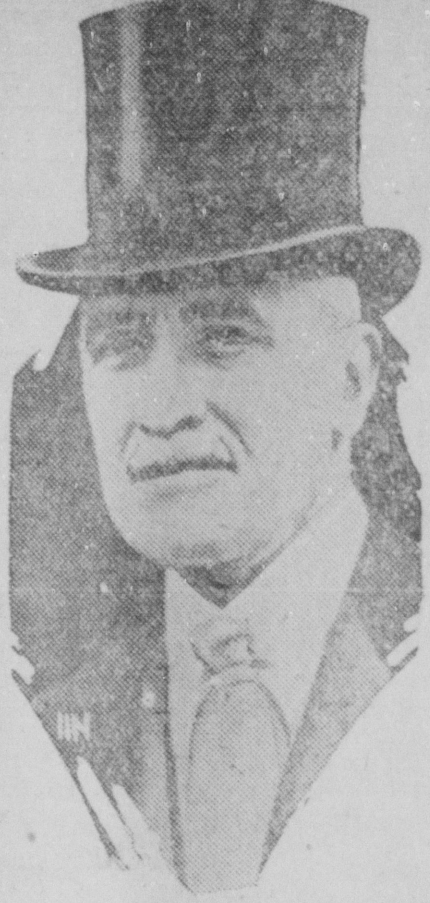

This oil is strictly an asphaltic base product containing over 60 per cent pure bitumen soluble in carbon disulphide CS2. One hundred thousand gallons of this same oil was supplied to the City of Akron last year, and we will be glad to have you check by writing Mr. A. E. Kemmler Highway Engineer, City Hall, Akron, Ohio, who is entirely satisfied with our product. We will again be favored with their business this year.

We do not know what grade of oil was purchased by the City of Circleville in 1923 or whether it was as represented by Director Miller. All we can say is that if a paraffin base oil was sold at that time it was through no misrepresentation on our part, and the officials or citizens received exactly what they paid for and understood fully what was supplied.

We do not see where this has any bearing on the present situation as we made a specific proposal for this year's work on an asphaltic base oil regarding which we submit complete information as noted above and will give any further information as desired either by your paper, the citizens or Director Miller.

The excess of \$405.00 was figured on the minimum basis of oil

of 50,000 gallons, and if the maximum of 75,000 gallons is used, the excess would be \$607.50. Thanking you again for bringing this matter to the attention of the public and trusting that Director Miller will take the necessary steps to have the samples of oil tested when same are received and satisfy himself that we are presenting facts in this matter, we are,

Yours very truly,

FALSE TEETH GOOD AFTER MANY YEARS

Fourteen years ago Dr. G. S. Corne made an upper set of teeth for a resident of Circleville, who has since moved to Columbus and is just hearing of the satisfaction that this lady gets from them. In a letter received Thursday she wants other teeth taken out and will be down this Saturday to have this work done.

This lady stated that everybody says they are the most natural

teeth they ever saw and she just can't help but come down to have the set made for the lower teeth. Dr. Corne has been one of Circleville's dentists for many years and like all of us gets much pleasure of hearing from satisfied customers, even after 15 years.

AN ALL-STEEL REFRIGERATOR THE FIRST! ...THE ONLY ONE!

THIS General Electric is the only refrigerator built entirely of steel! Think what that means! It is sturdy and durable beyond anything that you ever believed a refrigerator could be.

This small-family model freezes a generous supply of ice... and in a shorter time. One tray freezes in two hours, both trays in four. It uses less current because the cabinet is so efficient that cold does not leak out and heat does not creep in.

And, of course, it has the exclusive advantage of simplified mechanism, enclosed in an

hermetically sealed steel casing and mounted on top. This leaves the greatest area available for food storage and makes possible the up-on-legs model which is so easy to clean under.

In operation it is extremely quiet. It never needs oiling. You just plug it into any convenient outlet. See all its unique features yourself. Come in today. And ask about the very convenient plan on which it can be bought.

Listen in on the General Electric Hour, broadcast every Saturday evening, 9 to 10 Eastern Standard Time, over the N.B.C. network of 42 stations.

LEGAL NOTICES
RESOLUTION NO. 638
DIRECTING THE PURCHASE BY THE CITY OF CIRCLEVILLE OF 42.55 ACRES OF LAND FOR A MUNICIPAL HOSPITAL.
Whereas, on the 15th day of January, 1929, there was tendered to the City of Circleville, Ohio, a certain option to purchase real estate by Mary E. Myers and others, and Whereas, by the conditions of said option the purchase price of said real estate is \$4000.00 Dollars, payable in cash on the day said land is made and delivered to said city, and Whereas, it is the intention of the council of said city to purchase the real estate herein described for the purpose of using the same as a site for a municipal hospital, and Whereas, the title of said real estate as hereinafter described has been examined by the City Solicitor of said city and has been approved by him and certified as such to this council, therefore,
Be it Resolved by the Council of the City of Circleville, Ohio:
Section 1. That the City of Circleville, Ohio, purchase and the proper officials of said city are hereby directed to enter into negotiations and to consummate the same for the purchase of the following real estate, situated in the County of Pickaway, and State of Ohio, and in Circleville Township and in the City of Circleville, and bounded and described as follows:
Being a part of the southeast quarter of section No. 18, Township No. 11, Range No. 21, W. S. and bounded and described as follows: Beginning at a stone in the southeast corner of said section No. 18, and thence southeasterly corner to Ben and Nellie Webb's land; thence with the section line and line of said Webb's land N. 5 degrees 30 minutes E. 441 feet to a stake; thence running partly with a line of said Pickaway Street and also with a line of the Stone Improvement Company S. 6 degrees 12 minutes E. 355.25 feet to a stone in the south line of said section No. 18; thence with the section line S. 84 degrees 15 minutes E. 421.50 feet to the beginning. Containing 42.55 acres of land, more or less, 0.075 acres being within the corporate limits of the City of Circleville and 4.10 acres being in Circleville Township, Pickaway County, Ohio.
Section 2. That the City Auditor of said City is hereby directed and empowered to execute a warrant upon the City Treasury and from the proper fund thereof in the amount of Four Thousand (\$4,000.00) Dollars payable to Mary E. Myers, Missouri C. Myers and Ida J. Myers, and deliver the same to said persons upon their delivery to said city or its proper officials of a good and sufficient warranty deed for said property approved by the City Solicitor. The Auditor is further directed, after the delivery of said deed, to file the same for recording in the office of the Recorder of Pickaway County, Ohio.
Section 3. This resolution shall take effect and be in force from and after the earliest period allowed by law.
Passed in council this 17th day of April, 1929.
JOHN C. GOELLER, President of Council.
Attest: Fred R. Nicholas, Clerk.
Approved by me this 17th day of April, 1929.
B. T. HEDGES, Mayor.

WELL KNOWN R. R. MAN NOW SPEAKS UP
FLU VICTIM ENDORSES HOYT'S COMPOUND: NOW ABLE TO WORK AGAIN
Mr. Leo H. Grantham, 621 Madison St., Bellefontaine, O., a switchman on the Big Four R. R. there now comes forward to endorse the famous prescription Hoyt's Compound which is the finest medical juices, now being introduced here in this city at

MR. L. H. GRANTHAM
Wilder's Drug Store, every day. Mr. Grantham who formerly lived in Terre Haute, Ind., was already acquainted with this prescription having taken it while residing there. This great compound did him so much good before that as soon as he heard of the introduction here in Ohio he went at once and purchased two bottles since he was in need of just such a medicine as this and knew of nothing else as good. The relief that this WIDELY KNOWN man obtained was little short of remarkable. His own truthful statement follows:
"Was a victim of the flu several months ago, which left me in a completely rundown condition," said Mr. Grantham. "Always felt tired and worn out and draggy and hated to get up in the morning. Was also troubled very much with sluggish kidneys and tropid liver. I was a great victim of indigestion and everything I ate caused me to bloat and terrible stomach gas to form which grew to be very painful and simply wrecked my appetite. My bowels were very irregular and I always had to be taking the STRONGEST PHYSICS, which wore off in time and left me feeling worse than ever. Finally my whole system began to get clogged up and I knew that I would have to take some kind of medicine to get relief. Imagine my joy when I picked up the paper and saw where the famous prescription Hoyt's Compound was being introduced here in Ohio at all leading drug stores. I knew at once that the medicine I needed had arrived. I had already taken the Hoyt's Compound back in Terre Haute, Ind., when in just such a condition as this. I had found relief then, why not now? I knew that if it were the same medicine that it was bound to help me. I purchased two bottles of Hoyt's and started taking it and the first few doses convinced me that it was the SAME GREAT MEDICINE that I had taken a few years ago. I now feel like working every day and never feel tired or draggy as before. My kidneys liver and bowels have been regulated perfectly and I am sure that anyone who is in need of a tonic of this kind can't go wrong in selecting Hoyt's Compound. I will be only too glad to verify the above statement at any time to anyone who wishes to ask me about it."
Hoyt's Compound is being introduced daily at Wilder's Drug Store, Circleville, Ohio.

Breaks World Record

George Simpson, Ohio State star sprinter, did a little record breaking for a change when he bettered the world's 100-yard dash record in the Columbus, Ohio, meet with Pittsburgh, running the distance in 9.5 seconds. The buckeye sprinter also tied the world's 220-yard record when he sprinted the distance in 20.6 seconds.

WAR VETERAN
LAUDS POWERS OF
NEW KONJOLA

KONJOLA IS ALL THAT
SAVED MY LIFE," DECLARES
HAPPY MAN WHO HAD
SUFFERED FOR YEARS.

MR. FRANK RUPER

"Konjola is all that saved my life, and my praise for this new medicine cannot be too high," said Mr. Frank Ruper, 62, of the Soldiers Home, Dayton.

"I am a veteran of the Spanish-American and World War and was never able to get the slightest relief from stomach trouble, kidney trouble, rheumatism and neuritis. I couldn't eat or sleep. I didn't have any energy or ambition. I found my condition growing worse every day, and was really discouraged.

"One of my comrades urged me to try this new Konjola, and today I am enjoying perfect health. All my aches and pains have disappeared. My inner system has been cleansed and toned up. My kidneys and stomach function perfectly now and the rheumatism and neuritis pains have disappeared. I am enjoying perfect health, and owe it all to Konjola, the Master medicine of them all."

Konjola is sold in Circleville, Ohio, at Hamilton & Ryan drug store and by all the best druggists in all towns throughout this entire section.

It Challenges Your Interest in These Important Ways

EASY TO BUY EASY TO OWN

FOR INSTANCE, in this city your first payment, with your present car included, may be as low as \$255, and your monthly payments \$49.37

Your present car will probably cover the entire first payment. The H. M. C. Purchase Plan offers the lowest terms available on the balance.

On our own streets Essex the Challenger, under competent observation, averaged 29 miles per gallon. The average owner in this city can expect 18 to 20 miles and upward. Hundreds of records all over the country during "Challenger Week" prove Essex economy. Commercial users operating large fleets of Essex cars say that service and maintenance costs covering millions of miles of operation, are lowest of any car ever tested.

The buying public has picked Essex the Challenger as the greatest value of 1929. They are giving it the biggest business even Essex has ever known. By thousands they are trading in other makes for the great Essex value. Never before has public approval been so near universal.

A Wide Choice of Colors at No Extra Cost

The variety is so great you have almost individual distinction

Here is a BIG adult-size "Six"—fine to look at—roomy and comfortable—built as strongly as any car at any price. Upholstery and appointments are rich and handsome. There is such a wide variety of colors, that no matter what your choice you have almost individual distinction.

A SUPER-SIX motor—challenging up to 70 miles an hour—60 miles an hour, hour after hour—in getting

way it challenges any car at any price—it challenges all in climbing hills. Hydraulic shock absorbers are standard—they do not cost one cent extra. The same with radiator shutters, air cleaner, windshield wiper, safety lock, chromium-plated cowl lamp. Add up for yourself the extra Essex offers to added cost and you will see about \$100 in extra value in those items alone.

KONJOLA IS ALL THAT
 "AVED MY LIFE," DECLARES
 "HAPPY MAN WHO HAD
 SUFFERED FOR YEARS."

MR. FRANK RUPER

"Konjola is all that saved my
 life, and my praise for this new
 medicine cannot be too high," said
 Mr. Frank Ruper, 52, of the Sol-
 ders Home, Dayton.

"I am a veteran of the Span-
 ish-American and World War and
 was never able to get the slight-
 est relief from stomach trouble,
 kidney trouble, rheumatism and
 arthritis. I couldn't eat or sleep.
 I didn't have any energy or am-
 bition. I found my condition
 growing worse every day, and was
 greatly discouraged.

"One of my comrades urged me
 to try this new Konjola, and today
 am enjoying perfect health. All
 my aches and pains have disap-
 peared. My inner system has been
 cleansed and toned up. My kid-
 neys and stomach function perfect-
 ly now and the rheumatism and
 arthritis pains have disappeared.
 I am enjoying perfect health, and
 owe it all to Konjola, the Mas-
 sachusetts medicine of them all."

Konjola is sold in Circleville,
 Ohio, at Hamilton & Ryan drug
 store and by all the best drug-
 stores in all towns throughout this
 section.

LEGAL NOTICES

RESOLUTION NO. 648.

DIRECTING THE PURCHASE BY THE CITY OF CIRCLEVILLE, OHIO, OF 4.235 ACRES OF LAND FOR A MUNICIPAL HOSPITAL.

Whereas, on the 11th day of January, 1929, there was tendered the City of Circleville, Ohio, a certain option to purchase real estate by Mary E. Myers and others, and

Whereas, by the conditions of said option the purchase price of said real estate as offered to said city is Four thousand (\$4000.00) dollars, payable in cash on the day said land is made and delivered to said city, and

Whereas, it is the intention of the council of said city to purchase the real estate hereinafter described for the purpose of using the same as a site for a municipal hospital, and

Whereas, the title of said real estate as hereinafter described has been examined by the City Solicitor of said city and has been approved by him and certified as such to this council, therefore

Be It Resolved by the Council of the City of Circleville, Ohio: **Section 1.** That the City of Circleville, Ohio, purchase and the proper officials of said city are hereby directed to enter into negotiations and to consummate the same for the purchase of the following real estate, situated in the County of Pickaway, and State of Ohio, and in Circleville Township and in the City of Circleville, and bounded and described as follows: Being a part of the southeast quarter of section No. 18, Township No. 11, Range No. 21, W. S. and bounded and described as follows: Beginning at a stone the southeast corner to said section No. 18, and running thence with the line of said section No. 18, to the southeast corner to said section No. 18, and also being a corner to Ben and Nellie Webb's land; thence with the section line of said Webb's land N. 5 degrees, 30 minutes E. 441 feet to a stake; thence running partly with a line of said Pickaway Street and also with a line of the Montclair Improvement Company, 12 minutes, 12 minutes, E. 395.25 feet to a stone in the south line of said section No. 18; thence with the section line, S. 84 degrees, 15 minutes E. 421.50 feet to the beginning. Containing 4.235 acres of land, more or less, 0.075 acres being within the corporate limits of the City of Circleville and 4.16 acres being in Circleville Township, Pickaway County, Ohio.

Section 2. That the City Auditor of said city is hereby directed and empowered to draw a warrant upon the City Treasurer and from the proper fund thereof in the amount of Four Thousand (\$4,000.00) Dollars payable to Mary E. Myers, Missouri C. Myers and Ida J. Myers, and deliver the same to said persons upon their delivery to said city or its proper officials of a good and sufficient warranty deed for said property approved by the City Solicitor. The City Auditor is further directed, after the delivery of said deed, to file the same for recording in the office of the Recorder of Pickaway County, Ohio.

Section 3. The resolution shall take effect and be in force from and after the earliest period allowed by law.

Passed in council this 17th day of April, 1929.

JOHN C. GOELLER, President of Council.

Attest: Fred R. Nicholas, Clerk.

Approved by me this 17th day of April, 1929.

B. T. HEDGES, Mayor.

cleanse the system of poisons

Two of the great enemies to youth and vitality are delayed elimination and intestinal poisons. To keep yourself free from both these common difficulties will help you to stay young. With the use of Nujol you can do it too. For Nujol absorbs body poisons and carries them off, preventing their absorption by the body. Nujol also softens the waste matter and brings about normal evacuation. It is harmless; contains no drugs or medicine. It won't cause gas or griping pains, or affect the stomach or kidneys. Every corner drugstore has Nujol. Make sure you get the genuine. Look for the Nujol bottle with the label on the back that you can read right through the bottle. Don't delay, get Nujol today.

WELL KNOWN R. R. MAN NOW SPEAKS UP

FLU VICTIM ENDORSES HOYT'S COMPOUND: NOW ABLE TO WORK AGAIN

Mr. Leon H. Grantham, 621 Madriver St., Bellefontaine, O., a switchman on the Big Four R. R. there now comes forward to endorse the famous prescription Hoyt's Compound which is the "LIFE" of many a man.

MR. L. H. GRANTHAM

Wilder's Drug Store, every day. Mr. Grantham who formerly lived in Terre Haute, Ind., was already acquainted with this prescription having taken it while residing there. This great compound did him so much good before that as soon as he heard of the introduction here in Ohio he went at once and purchased two bottles since he was in need of just such a medicine as this and knew of nothing else as good. The relief that this WIDELY KNOWN man obtained was little short of remarkable. His own truthful statement follows:

"Was a victim of the flu several months ago, which left me in a completely rundown condition," said Mr. Grantham. "Always felt tired and worn out and draggy and hated to get up in the morning. Was also troubled very much with sluggish kidneys and tropid liver. I was a great victim of indigestion and everything I ate caused me to bloat and terrible stomach gas to form which grew to be very painful and simply wrecked my appetite. My bowels were very irregular and I always had to be taking the STRONGEST PHYSICS, which wore off in time and left me feeling worse than ever. Finally my whole system began to get clogged up and I knew that I would have to take some kind of medicine to get relief. Imagine my joy when I picked up the paper and saw where the famous prescription Hoyt's Compound was being introduced here in Ohio at all leading drug stores. I knew at once that the medicine I needed had arrived. I had already taken the Hoyt's Compound back in Terre Haute, Ind., when in just such a condition as this. I had found relief then, why not now? I knew that if it were the same medicine that it was bound to help me. I purchased two bottles of Hoyt's and started taking it and the first few doses convinced me that it was the SAME GREAT MEDICINE that I had taken a few years ago. I now feel like working every day and never feel tired or draggy as before. My kidneys liver and bowels have been regulated perfectly and I am sure that anyone who is in need of a tonic of this kind can't go wrong in selecting Hoyt's Compound. I will be only too glad to verify the above statement at any time to anyone who wishes to ask me about it."

Hoyt's Compound is being introduced daily at Wilder's Drug Store, Circleville, Ohio.

Breaks World Record

George Simpson, Ohio State star sprinter, did a little record breaking for a change when he bettered the world's 100-yard dash record in the Columbus, Ohio, meet with Pittsburgh, running the distance in 9.5 seconds. The buckeye sprinter also tied the world's 220-yard record when he sprinted the distance in 20.6 seconds.

WEDDING OF INTEREST

IN SYRACUSE, N. Y.

A pretty wedding took place Saturday afternoon at 4 o'clock, when Ruth Elizabeth Sullivan became the bride of George J. Roof, at Saint Paul's Lutheran church, at Syracuse, N. Y. Miss Sullivan's attendants were Mrs. Clara Porter Laursen, matron of honor; Miss Dorothy Mae Gilbert, of Syracuse, N. Y., and Mrs. Ruth Kendrick Hesling of Northeast, Pa.; bridesmaids; Mary Elizabeth King and Caroline Sullivan were flower girls. Harry M. Laursen was Mr. Roof's best man. The ushers were Daniel V. Jewell and William H. Sullivan. The wedding march was played by Mrs. N. W. Van Lengen, and Mrs. Gustave Schneider sang "O, Promise Me" and "At Dawning."

The bride's gown was of white satin and tulle made Colonial style with uneven hem. Her veil was of tulle, made cap shape of point lace fastened with orange blossoms at the side. She wore white slippers and hose, and carried a shower bouquet of bride's roses and valley lilies. She wore a crystal necklace the gift of the groom. The matron of honor wore pink satin also made Colonial style with uneven hem. She wore a large picture hat of pink horse hair, white slippers and hose completed her costume and she carried Tremain roses. The bridesmaids were gowned alike. Mrs. Hesling wore pink crepe and Miss Gilbert wore orchid crepe, their dresses were made with tight waist with large cape collars and full skirts. Their large picture hats were of the horse hair matching their gowns. Both wore silver slippers and stockings and carried arm bouquets of butterfly roses. Mary Elizabeth King was dressed in pink crepe and Caroline Elizabeth Sullivan dressed in blue crepe, their dresses being made alike with tight bodice and ruffled skirt, both wore white slippers and hose and carried baskets of roses. The attendants wore brooches of white gold set with rhinestones, the bride's gifts to them. The bride's mother wore a gown of beige crepe and satin with slippers and hose matching and wore a shoulder bouquet of sweet peas.

After the ceremony a wedding dinner was served to the immediate family and out of town guests. Following the dinner a reception was held at the home of the bride's aunt, Mrs. C. W. King. After a short wedding trip the couple will make their home in Syracuse, N. Y. The bride chose for her going away costume a green and tan ensemble with small close fitting green hat, completed with tan slippers and hose and matching accessories.

The out of town guests were Mr. and Mrs. Dessel Kiger, Circleville, O., sister and brother-in-law of the groom, and Mrs. Melvin Rinehart, of Circleville, Ohio; Mrs. E. B. Heath, Wesleyville, Pa.; Mr. and Mrs. Thomas Kendrick, Erie, Pa.; Mr. and Mrs. Herbert Hesling, Northeast, Pa.

Many social affairs were held for Miss Sullivan in the few weeks preceding her wedding. Miss Dorothy Gilbert entertained with a luncheon and shower on March 23 for 20 guests. Mrs. George Bradley gave a luncheon and shower on April 4, entertaining about 22 of Miss Sullivan's friends. Mrs. C. W. King entertained at a dinner shower on April 6, inviting 25 guests to wish happiness to the bride.

Mr. George J. Roof is the son of Charles E. Roof, of E. Corwin-st. of Circleville, O. The young couple have many friends in Circleville.

GIFT SHOWER FOR BRIDAL COUPLE

Mr. and Mrs. Renick Valentine of Pickaway-two whose marriage was solemnized last Saturday, April 20, were the honor guests Wednesday night at a gift shower at the home of her parents, Mr. and Mrs. Newton Kerns in Salt-creek-top at 7:30 o'clock. More than 70 guests, bringing beautiful gifts to the bride, were present among them a number from the congregation of the Morris United

Drethren church, of which Miss Valentine is an active member. The beautiful Kerns country home was made more attractive still in a color theme of pink and white, with tulips and sweet peas placed about in artistic bouquets in the rooms where the guests were assembled. Mr. and Mrs. Valentine were delighted with the presents as she unwrapped them. A bountiful lunch was served toward the close of the evening. Mrs. Kerns was assisted by Mrs. Hazel Johnson, Mrs. Henry Dunle and Mrs. L. W. Green. Mr. and Mrs. Frank Wharton of South Bloomfield were present from out-of-town.

GUEST WINS BRIDGE PRIZE

Mrs. Lee Yonker of Madison Ind., and Miss Mary Alice Bales and Miss Elizabeth Dunlap were guests in addition to members of a bridge club which was entertained Wednesday night by Miss Martha Mary Jacob of W. Mound-st. Following five rounds of bridge refreshments were served at the small card tables. Mrs. Yonker was presented a guest gift, and Miss Elizabeth Dunlap received the prize for making highest score.

LOCAL WOMEN AT CONVENTION

Citizens of the United States were urged to give the utmost support to aviation by Mrs. Edith Rogers, congresswoman from the Fifth District in Massachusetts at the Aviation night dinner given for delegates to the thirty-third annual convention of the Ohio Federation of Women's Clubs at Dayton.

More than 2,000 club women from many cities in Ohio, were present for the convention and in attendance at the dinner arranged to honor leaders in the field of aeronautics.

Honor guests at the dinner were Lady Mary Heath, British aviatix. Mrs. Evangeline Lindbergh, mother of the famous flying colonel; Amelia Earhart, first woman to span the Atlantic ocean in an airplane; Mrs. Ora Heald Blackmore, president of the Women's Aeronautical Association of America; Orville Wright, co-inventor of the airplane, and a group of officers from Wright Field. Short talks on various phases of aviation development were made by each. David S. Ingalls, assistant secretary of the navy in charge of aeronautics, also was among the speakers of the evening.

Other speakers for the convention include Dr. Mary B. Harris, superintendent of the Federal institution for women, Alderson W. Va.; Mrs. Josephine Pierce, Lima past president of the Ohio Federation; Miss Georgia McAfee, Lima, chairman of the library extension department of the general federation; Carl Sandburg, Chicago poet and Mrs. C. S. Selover, Cleveland, in charge of parliamentary drills.
